Dear Jane,  
I will arrive in Lincoln at 11.05 am.  
I would like to talk to you and Tom, and I would like to watch urine sampling, sampling for CO-Hb and CO measurements in the ACCORD and OASIS groups.  
Best regards  
Hans

Dear Jane,  
I am planning to come and do a study visit on August 2. I will arrive later in the morning. I will let you know the details of the study activities I like to watch next week.  
The next day I will go and visit Esoterix coagulation labs.  
Best regards  
Hans
